President's Message

It is with great pleasure that I welcome everyone to the 107th Eugowra Show after the hiatus we have had.

Although we have not been able to come together as a community over recent years, as you look around the Showground and Pavilion, considerable improvements have been made with the support of all levels of government. I thank the Show Committee for their tireless efforts in being able to maintain the grounds and facilities. We have been successful in obtaining numerous grants to assist in the improvements and amenities offered to our community and we are looking forward to the development of the new Multipurpose Community Centre.

To bring the Eugowra Show to fruition each year, it involves many dedicated volunteers who commit their time and display passion for our show, who turn up every year from all around the district to come and help share their time to allow us to put on a great event for a small town and to showcase Eugowra. I sincerely thank all who contribute to our great Show.

I also wish to thank our many generous sponsors who contribute both financially and also by offering support in many different ways, the Show Society really do appreciate your support.

I look forward to a great show and thank you for your continuing participation and support of your local show.

Sean Haynes President – Eugowra Show Society

Mayor's Message

After the difficult decision to cancel last year's show, we are excited to welcome everyone back to the 107th Year of the Annual Eugowra Show.

The Eugowra Show has certainly seen its fair share of ups and downs over the last few years. The community has been particularly affected by the events of the COVID-19 pandemic, drought, floods, and the mouse plague.

The 2022 Show is sure to be met with much enthusiasm and pride in the Eugowra community! There is every chance you will bump into someone today who used to live in the Eugowra district and has returned to attend this year's Show because it holds such a special place in their hearts.

The Eugowra Show not only provides us with the opportunity to showcase our district's best produce and explore the latest agricultural innovations, it is an opportunity for people to come together and celebrate all that we love about our tight-knit community.

The Eugowra Show Society has met the challenges of the year head-on in order to bring us another outstanding annual event, ensuring this Show will survive the test of time. Their hard work and dedication is something to be celebrated and congratulated.

We have seen the Cabonne community come together in the face of tremendous uncertainty over these past years, coming to the Show is a reminder of the strength and tenacity of the people of Eugowra, and the wider Cabonne region.

On behalf of Cabonne Council, I wish to acknowledge the determined efforts of everyone involved in organising the 2022 Eugowra Show, and congratulate them for once again providing us with an event the district has always treasured and will continue to do so for many years to come.

Kevin Beatty Mayor of Cabonne

- 6. Cars will be scrutinised on the day of the event. Failure to comply with the rules and regulations of the event may result in disqualification.

THE VEHICLES

- 7. All cars must be of average sedan size. Station wagons, utes and panel vans are permitted to compete. Special dispensation to allow V8's should be sought from the insurer. However, four wheel drives and full chassis vehicles are NOT permitted in the competition. All-wheel drive vehicles should have the four-wheel drive disconnected to make the vehicle a two-wheel drive.
- 8. The vehicle must be retained at its original height, ie no alteration to the suspension.
- 9. Scrutineers have the authority to inspect all competing vehicles and enforce rules and regulations.
- 10. No driver under the influence of alcohol or drugs will be allowed to compete. Random Drug and alcohol testing may occur prior to commencement of the event.
- 11. No passengers will be permitted to travel in the vehicle.
- 12. No internal or external reinforcement or bar work allowed with the exception of a pillar bar. Either:

A vertical steel bar be fastened to the floor and roof by bolts in the centre of the car or behind the driver's seat in such a way as to allow the driver's headrest to be fitted. OR

Side to side pillar bar (minimum 10ml thick steel) OR

A-frame top to bottom pillar bar (minimum 10ml thick steel).

13. Bracing of the driver's door mandatory. Either:

A minimum of a single brace across the driver's door. Must extend past the A and B pillar by 200ml. OR

Reinforced skin on the driver's door OR Open door, weld across A – B pillar. Fully welded both sides. 300-400 ml apart. Mark inside skin of door. Door closes. Doors are fully welded.

- 14. Driver's door can also be filled with sand (NO concrete).
- 15. All glass and plastic must be removed from the vehicle including glove box lid and airbags removed. Dashboard (dashboard plastic) should remain in place as well as an interior rear vision mirror are permitted.
- 16. All doors, bonnets and boots must be strapped or chained. Strapping to be welded using 1" $x \frac{1}{4}$ " metal strapping or chains to be chained closed.
- 17. All drivers must wear crash helmets, full cotton overalls and steel capped footwear. Gloves are optional.
- 18. All drivers are to wear a seat belt. Seat belts must be in good condition. The vehicle must not contain rust in either the seat or seat belt mountings. Racing harness not permitted.
- 19. An approved boat fuel tank or Gerry can with breather must be fastened in the centre rear in a cradle, where the back seat was. If the tank is located just in front of the rear axle, then the factory tank can be used.
- 20. A maximum of ten (10) litres of petrol in the fuel tank is permitted.
- 21. The vehicle's petrol tank must be removed or punctured with a minimum ½" hole. Should the factory tank be located in front of the rear axle then it can be used but only in accordance with all other rules captured herein.

DEMOLITION DERBY RULES & REGULATIONS (cont)

- 22. The original specification fuel line must be used or alternatively maintain original fuel line route as close as possible to fuel cell. The object of this rule is to use as much of the original fuel line as possible. Any adaptions made should use original specification grade fuel lines and clamps and grommets when it passes through the body. Rubber grommets should be used.
- 23. Tow bar and tongue must be removed.
- 24. The bonnet and boot must be chained closed but must be accessible for scrutineering.
- 25. Mud guards and wheel arches must not be cut away or bent. Subject to scrutineer's approval.
- 26. Front wheel drive cars must only have standard car tyres. Where possible, standard car tyres should be used. At the show's discretion whether winter tread or rally type tyres are permitted. Strictly NO tractor tyres permitted.
- 27. The battery must have a rubber cover securely bolted over the top. It may be fitted to the cabin area and cable must have grommets where it passes through the firewall.
- 28. The radiator should be in its original position but the fan blades may be removed (optional rule at Show's discretion).
- 29. Vehicles are NOT required to be fitted with a muffler (optional rule at Show's discretion).
- 30. The driver's name must be displayed on the right hand side of the roof (150mm) (optional rule at Show's discretion)
- 31. Driver's door should be white or red with the opposite colour painted in a cross on the door (optional rule at Show's discretion).

Each vehicle is to be numbered. The number is to be displayed only on the roof, bonnet or doors. Numbers will be allocated to cars at the time of receipt of nomination (optional rule at Show's discretion)

- 33. No Tek screws are to be used in any part of the vehicle.
- 34. Brittle metal, such as grader blades, must not be used.
- 35. Steel mesh must be welded on the driver's half windscreen. No mesh to be welded on the driver's side window.

IN THE RING

- 36. An area will be marked on the Arena to show the boundary. Any vehicles driving over the boundary may be eliminated (Scrutineer's/Judges decision).
- 37. Any vehicle deliberately ramming the driver's side door of another vehicle will be disqualified.
- 38. Reverse gear must be used at all times, except when drivers need to dislodge from a competitor's vehicle. In this case, first gear may be used for two (2) car lengths (optional rule at Show's discretion).
- 39. If a vehicle stops, a maximum of two minutes will be permitted to restart the vehicle. If the vehicle does not restart within this time, the vehicle will be eliminated (optional rule at Show's discretion).
- 40. Each driver shall have a white flag (30cm x 30cm) attached to a piece of dowel. A surrender flag is to be attached above the driver's door and be accessible to the driver. When a driver wishes to surrender, they should snap the flag off. Driver's doing this cannot re-enter the event.
- 41. No vehicle is permitted to hit a surrendered vehicle or a vehicle out of bounds.
- 42. All drivers must remain in their vehicle until the event is completed or as otherwise instructed by relevant safety crews.
- 43. The winner of the competition will be the last vehicle still being driven.
- 44. The Judge reserves the right to disqualify any driver at any time.
- 45. The Judge's decision is final and no correspondence will be entered into.

AFTER THE DERBY

- 46. All cars must be trucked into and out of the Showground. All vehicles must be removed from the Showground following the completion of the event unless otherwise arranged with the Show Committee. Failure to do so may result in a fine.
- 47. At the completion of the event a full sweep of the performance area needs to be done to clear any debris.

REGULATIONS

All competition at this show is governed by these regulations and by the Agricultural Societies Council of NSW for Discipline in Horse Sections at Shows which can be viewed at www.agshowsnsw.org.au. Should it become necessary for the ASC Disciplinary Committee to open an inquiry into any aspect of competition in this Horse Section, this Society will support any penalty imposed by that Committee as a result of the inquiry and will support penalties resulting from enquiries arising from Horse Sections at other NSW shows.

INDEMNITY AND WAIVER FORMS

The Horse Committee will take all care in managing the Section, but competitors taking part in this Horse Section do so at their own risk. Each adult competitor must, before competing, complete and sign a form indemnifying the Eugowra Show Society and waiving any claims against the Society for any injury sustained in competition or for loss or damage to the competitor's property or damage caused by the competitor for his/her animal(s) at the Show. A similar form must also be completed and signed by a parent or guardian for each competitor who is under 18 years of age. ALSO, on each Waiver, each horse with which the competitor is involved in competition at the Show must be listed together with the Property Identification Code (PIC) of the property from which the horse came to the Show.

- Stallions ineligible to compete in classes other than stallion classes.
- Wrist bands will be issued and must be worn by all competitors.
- All breed classes are for Registered Horses only papers must be produced on request and exhibitors must be financial members.
- Judging will commence strictly to the program. The Committee reserves the rights to alter this program at their own discretion.
- Drug testing may be carried out at this show. Any competitor found to have breached the ASC will be disqualified and further action will be taken.
- Disputes and Disciplinary regulations will be investigated by the ASC Disciplinary Committee.
- PIC numbers must be supplied. No PIC number, no start.
- Horses and ponies may compete in either Open or Hunter classes, not both.
- Novice is a horse/pony which has not won an individual first prize in an equivalent class at another Agricultural or Breed Show.
- Local events are for those residing in a 24 km radius of Eugowra or attend Eugowra Pony Club. Horses should be on the property at least 30 days prior to the show.

A ribbon raffle will be held on the day.

Entries are online only via Nominate. No entries will be accepted on the day.

Entries close 9th September 2022.

Regulations Governing Entries in CLASSES H & I

Maximum of 3 entries in each section

All sheep to be declared Footrot Free.

- All Competitors must complete the *Johne's Disease Declaration Form* and lodge it at the Secretary's Office by 4pm Monday, 12th September 2022.
- Stewards to attend the day previous to the Show and ticket all pens.
- Sheep must be penned by 8.30 am Saturday, 17th September 2022
- One exhibit cannot compete in two sections (Champion sections excluded).
- If required, sheep may have use of ground pens from previous evening.
- No sheep will be allowed to exhibit more than 12 months growth of wool, unless specified at the time of entry.
- If in the opinion of the Judge, any sheep exhibited is carrying more than 12 months growth of wool, and this fact is not specified he shall disqualify such exhibit.

Ovine Johne's Disease

Prior to the Eugowra Show our venue will be inspected by the Local Land Services Veterinary Officer to a Market Assurance Program (MAP) standard so that we can accept a greater number of potential participants in this show both from producers of different statuses (NH TMS MN) and from prevalence areas (High, Medium, Low & very low). This inspection insures that you, the producer can show your animals at the Eugowra Show with assurance.

Ovine Brucellosis Test: All exhibits to come from accredited 'Brucellosis Free Flocks'. Written evidence of eligibility to be provided upon request.

Since taking over our family farm I have been using Jemalong wool exclusively to market our annual woolclip. Using a combination of the traditional auction system and the internet based Wool Trade™ we have been able to take advantage of any upward movements of wool prices. This is due to personalised attention to detail and flexibility due mainly to Jemalong understanding our needs as a business.

HANDY HINTS FOR PAVILION EXHIBITORS

- To help and encourage exhibitors, handy hints are offered at the beginning of some of the classes. The list of suggestions is not exhaustive in any class but some clues are given on how to prepare exhibits and to catch the approving eye of the Judge.
- The hints have been compiled from suggestions by Show Judges including Land CWA Judges and successful exhibitors over many years in Show and CWA competitions.
- The most important handy hint to pass on to all exhibitors at Shows is to read carefully and adhere to the instructions at the head of each class and also the General Regulations.
- It is important to ensure that your entry matches the description of the relevant section in which you are entering in a specific class.

HANDY HINTS

- Don't be deterred from exhibiting in a less than optimum season. This is taken into account by the Judge as all exhibits should have been exposed to the same adverse conditions.
- The Judge is looking for a quality product which will fulfil its market. For example, hay is designed for fodder so the most important points for the Judge are attractiveness and palatability to stock smell should be sweet, fresh and untainted. It should be soft and obviously, look good enough to eat!
- Your entry should be of an even size and quality.
- Produce should not be tampered with, but 'as grown'. For example, don't remove leaves, heads, roots or pick out any foreign weeds or seeds in the sample. In classes for a sample of grain, it should be presented for judging as harvested. Judges expect a certain degree of contamination and imperfection in the seed, and as long as the sample is within board requirements it will not be penalised. A Judge knows what 'as harvested' looks like and may even frown upon a sample which looks picked over.
- In sections for growing crop samples, height is not as important a consideration as some may think. The main criteria is always yield potential.
- Pasture samples are judged on composition, density, pureness to type and yield as far as dry matter goes.
- Freedom from disease is vital in Show classes.
- Presentation is very important. Label samples neatly on a small piece of cardboard for example giving the crop name and variety. The spirit of showing is providing an exhibition for the public, many of whom may not know wheat from barley or triticale.

VEGETABLES, FARM PRODUCTS & FRUIT

CLASS N

HANDY HINTS

- If you grow fruit and vegetables, then why not show them?
- The main clue is the time of picking. Do not allow them to over mature in aiming for size.
- Density and richness of colour are the number one judging points, with size next, separating otherwise equal exhibits.
- Most vegetables are best picked on the day of judging to ensure that crisp, extra fresh look and touch. Even one day in the fridge can affect their freshness, although some such as lettuce are ok in the crisper. Some can be picked and stored for showing for example a good pumpkin.
- Collections (six unless stated otherwise) of the one fruit or vegetable should be even in size and shape choose your selection as close to the one size as possible. A small sample of the same size will score better than a lot of uneven produce.
- Heads such as cabbage and lettuce, must be dense and firm-hearted and cauliflower should be white and with no spread in the florets, which denotes over maturity.
- Root vegetables must be crisp and bright with no wood in the centre. <u>Please wash and remove pests.</u>
- Rhubarb should also be crisp with no sponginess or porosity in the stalks. (Also, a sign of over maturity or lack of freshness) when picked must be snapped not cut.
- When exhibiting citrus fruit don't be surprised by seeing a smaller exhibit win the main judging points are after the fruit is cut- the juiciest and the skin depth (the thinner the better). Most over large fruit is thick-skinned and often dry. Display on a paper or plastic plate.
- Externally the fruit (citrus) should be smooth skinned and blemish free and again your sample should be even sized, perfectly round and bright coloured. The secret to citrus is often watering although some varieties and some trees are better producers than others. It would be wise to check your citrus by cutting a specimen before showing.
- Eggs are another popular section and depending on the judge, these are judged in a couple of ways.
- On looks they will be judged on shape and evenness of samples as well as size and colour. Some judges weigh the samples with weight rather than size a telling point and some will crack an egg to check on yolk size and colour and freshness. Six clean eggs in carton. Tips down.
- Junior section is anyone under 18 years of age.

HANDY HINTS

CLASSES O&P

- Evenness of stitching and tension through the garment is the main judging criteria. Top knitters will not leave any sign of needle marks where they leave off. Choosing the right needle size for your wool ply is very important in getting the tension right.
- The inside of the garment must be as neatly finished as the outside. There should be NO loose threats, NO knots and the seams must be neatly finished in the same yarn as the garment and not bulky. The single worst fault with most knitting is that the inside finish is not neat enough.
- ALL garments should be worked in the one fibre eg for a woollen jumper, seams and all finishing must be in woollen yarn, including buttons (don't sew on with cotton). In cotton crochet, all finishing should be in cotton.
- The more difficult patterns do not necessarily win more prizes. Tricky patterns can be easy to mess up and errors will glare at Judges. With a simple all-over stitch (eg stocking stitch) it can be more difficult to obtain a perfect look and this *may* be looked upon more favourably by Judges.
- Fine crochet must lie flat with no puckering or buckling it must have an even tension throughout with no 'leggy' or loose stitches.
- Machine work must be straight and parallel and finished neatly. Seam finish is very important as are hems all must be exactly straight and the seams must intersect in exactly the same spot.
- Use safety pins rather than ordinary sewing pins to attach tickets to your garment. This prevents
 pulling threads with loose pin ends.

COOKING

CLASS Q

HANDY HINTS

Cooking has enough handy hints for showing, that a full book would be required. Just a sample is shown below. The main judging points observed are the overall appearance, the cut cake, the smell and the taste.

OVERALL APPEARANCE

Above all the exhibit must look delicious - after all a vital aspect is edibility! To be a 'top' exhibit it should look perfect. This includes:

- The size of the mix must match the tin size, eg, a minimum of two inches thick (5 cm) for butter cakes
- Wire rack marks on a cake do not enhance its appearance.
- Ensure the cake cooks flat on top by concaving the centre before cooking (ie, have the outside of the cake higher than the centre which rises more during cooking). The cake may taste delicious but could fail on appearance.
- Greasing, lining and flouring of the tin is crucial to the look of the cake which must be exhibited as it comes out of the tin, untrimmed.
- If iced (and do not ice unless it is specified in the schedule) then make it a neat even thickness, with no drips down the sides.
- Small cakes, biscuits and slices should be dainty a common fault is making them too large, especially lamingtons (4 cm cubes is the ideal size) and slices (3 cm x 5 cm).

THE CUT CAKE

Judging includes how it cuts (preferably without the use of a bandsaw) and its appearance when cut. Points to consider:

- Texture this should be fine, even and consistent throughout with no air bubbles. Cooking time is crucial to gain the best look when cut.
- Cakes with fruits and nuts won't cut easily if the pieces are too large cut your dates, nuts, etc small and evenly.
- Fruit cakes won't look even throughout if the fruit sinks to the bottom during their long cooking time. Fruit must be totally dry when added to the mixture, even if it has been soaked. Dry and coat with flour (NB use flour from the recipe, not any extra).
- Colour intensity must be matched in marble and rainbow cakes. If the chocolate is dark, the pink should be dark if you use a pale delicate pink, then the chocolate should also be light.

All entries must be delivered to the Eugowra Show Pavilion by 9am Friday 16th September.

- All cooking to be done on the previous day.
- No rack marks.
- All cooking to be entered on paper or plastic plates.
- No packet cake allowed unless otherwise stated.

All entries must be delivered to the Eugowra Show Pavilion by 9am Friday 16th September.

The NSW Rich Fruit Cake Competition is conducted to seek excellence in the preparation, cooking and presentation of a rich fruit cake and to promote Australian produce.

The competition is conducted in three stages:

- ⇒ Local competition Eugowra Show 2022
- ⇒ Group Finals 14 Regional Groups of ASC of NSW
- ⇒ NSW State Final at Royal Easter Show 2023

Please log onto the ASC website to view all the regulations and rules for this product. https://www.agshowsnsw.org.au/competitions/other-competitions

Please follow this compulsory recipe.

Ingredients:

250gm (8 oz) sultanas	250gm (8 oz) chopped raisins	250gm (8 oz) currants
125gm (4 oz) chopped mixed peel	250gm (8 oz) plain flour	90gm (3oz) chopped red glace cherries
60gm (2 oz) self-raising flour	½ teaspoon grated nutmeg	90gm (3oz) chopped blanched almonds
½ teaspoon ground ginger	½ teaspoon ground cloves	250gm (8 oz) butter
250gm (8 oz) soft brown sugar	1/3 cup sherry or brandy	4 large eggs
250gm (8 oz) soft brown sugar	$^{1}\!/_{\!2}$ teaspoon lemon essence $\ \mathbf{OR}$	finely grated lemon rind
½ teaspoon vanilla essence		

Recommended Method:

- Mix together all the fruits and nuts and sprinkle with the sherry or brandy.
- Cover and leave for at least one hour, but preferably overnight.
- Sift together the flours and spices.
- Cream together the butter and sugar with the essences.
- Add the eggs one at a time, beating well after each addition, and then alternatively add the fruit and flour mixtures. Mix thoroughly. The mixture should be stiff enough to support with a wooden spoon.
- Place the mixture into a prepared 20cm x 20cm (8"x8") square tin and bake in a slow oven for approx. 3½ 4 hours. Allow the cake to cool in the tin.

Notes:

• To ensure uniformity and depending on the size, it is suggested the raisins be snipped into 2 or 3 pieces, cherries into 4-6 pieces and almonds crosswise into 3-4 pieces.

Judge Note:

• The height of the cake should not exceed 5.7cm (57mm)

PRESERVES

CLASS R

HANDY HINTS

- Read the schedule carefully and note the requested size of jars.
- Take more care with keeping lids clean. They must be plain, without handwriting OR commercial printing, eg, paint the tops or use contact.
- Examine tops of exhibits for signs of mould.
- Jars should be filled to just above the neck to the lid-line so there is no gap showing between the lid and the contents, **BUT DO NOT OVER-FILL THE JARS.**
- All jars or bottles should have a <u>label on it with a list of ingredients used</u>.
- Jars and bottles should have the date it was made on it and also marked if it is hot and/or spicy.
- No old jams, jellies chutneys etc are to be entered for judging.
- Flavour can vary markedly between batches of stone fruit and varieties and the fruit quality controls the jam quality. FLAVOUR is the most important element of all jams and preserves. Always taste test your own before exhibiting.
- If you wouldn't eat it, then why exhibit it?

DEFINITIONS

Preserves

May be sweet (like a jam and marmalade) or savoury (chutneys, relish or pickles). Antibacterial spices such as mustard, garlic and cinnamon are often used in savoury preserves.

Butters, Cheese and Curds

For a fruit butter cheese and curds, the fruit is usually cooked with egg yolks, sugar and sometimes butter to produce a flavoured, smooth spread.

Chutney

Is made with fruit and/or vegetable cooked with vinegar, sugar and usually spices, chutneys may be either sweet or hot. A good chutney, whatever the ingredients, should be reasonably smooth and have a mellow flavour. The basic ingredients, such as apples and onions are minced or chopped finely. Chutneys are best left for at least a month to mellow and mature.

Conserves

Are similar to jams, except that large pieces or whole fruits are used and cooked in such a way that the fruit maintains its shape. The fruit may be layered with sugar and left to stand before cooking, which toughens it so that it will not break down during boiling. The syrup that surrounds the fruit should be clear and bright in colour.

<u>Iams</u>

Is usually made from fresh fruit (excluding citrus), though fruit pulp preserved in season can be also used. The fruit is chopped or crushed with sugar until set and is fairly smooth.

<u>Ielly</u>

Is made by cooking fruit with water and sugar and then passing it through a fine cloth strainer to remove all traces of the fruit, resulting in a clear spread.

Marmalades

Are made from citrus fruits and can be based on a single variety or a combination of two or three fruits. The most popular being oranges, lemons, limes, grapefruit and cumquats. Marmalades may also contain other ingredients such as vegetables or spirits such as whiskey.

Relish

Like a chutney, a relish consists of chopped vegetables and/or fruit is usually used as a condiment and can be sweet, tangy or spiced. It often has a chunkier or crispier texture than chutney.

All entries must be delivered to the Eugowra Show Pavilion by 9am Friday 16th September.

FLOWERS

CLASS S

HANDY HINTS

- Pick most Show entries on judging morning very early (or late on the evening before) and put straight into water up to their necks—then take inside for sorting into individual jars. It is a good idea to select one entry at a time from your list this is much better than picking everything, taking it inside and then trying to choose what will go in each section.
- There are some exceptions to this rule pansies are better if picked when totally dry early in the morning the dew can stain the petals.
- Iceland poppies can be picked early as long as they aren't too advanced. In warm weather they are best picked as buds and they will be open for showing one to two days on.
- Carnations open up more attractively if picked early, a day or two, and allowed to open indoors.
- Some cuts may be better if 'conditioned'. For example, one very successful exhibitor scalds the stems of poppies and dahlias by pouring boiling water on them for 60 seconds to prevent them dropping.
- Don't add anything to the water as long as the flowers have a good drink when they are picked most will last without additives.
- The stage of bloom at cutting time is critical. The flowers should be fully out at judging, but JUST! Judges look for different things with flowers and it is not always size. Symmetry is very important an even shape, the same on both sides, and blemish-free blooms.
- Geraniums are judged on the shape of the head, which should be a true round shape, dense with flowers and showing some foliage.
- In a section such as that for a cut of flowering shrub, it is the length of the flowering head that is important, relative to others of the same variety.
- For individual flowers such as gerbera, size is an important consideration.

HANDY HINTS

- Some successful exhibitors in decorative class suggest that you read the schedule three or four times and then put it aside for a while and 'sleep on it' the inspiration will come!
- Decorative class sections are in titles they are an art form and the title suggests a style the finished article is a whole picture, a blend of shape, size, colour of container and contents.
- The first element is the container and it must suit the style. 'Bold and Beautiful' for example would not suggest a shapely, slender container.
- The next important element is the line material, on non-plant material that provides the background, the emphasis being on 'line'.
- A 'no-no' is for any needle aid to be visible. Arrange foliage to hide it.
